

EVERGLADES.

RESOLUTION

OF

THE LEGISLATURE OF FLORIDA,

RELATIVE TO

Draining the everglades of Florida.

MAY 3, 1848.

Referred to the Committee on Public Lands, and ordered to be printed.

PREAMBLE AND RESOLUTIONS in relation to the everglades of Florida.

Whereas there is a vast and extensive region commonly termed the everglades, in the southern section of this State, embracing no inconsiderable portion of its entire peninsula, which has been hitherto regarded as wholly valueless in consequence of being covered by water at stated periods of the year, and the supposed impracticability of draining it; and whereas recent information derived from the most respectable sources has induced the belief, which is daily strengthening, that these opinions are without foundation, and on the contrary, that, at a comparatively small expense, the aforesaid region can be entirely reclaimed, thus opening to the habitation of man an immense and hitherto unexplored domain, perhaps not surpassed in fertility and every natural advantage by any other on the globe; and whereas it is no less the interest of the general government than of Florida, with its vast domain of unlocated land, to adopt some early and efficient measures to test the accuracy of these representations:

Be it therefore resolved by the Senate and House of Representatives of the State of Florida in General Assembly convened, That our Senators in Congress be instructed, and our Representative requested, to bring this important subject to the attention of Congress at the earliest day, and earnestly press upon its consideration the propriety and policy of forthwith appointing competent engineers to examine and survey the aforesaid region.

Resolved, That immediately upon their passage and approval, his excellency the governor be requested to transmit to the persons above named, to the Commissioner of the General Land Office, and to the President of the United States, certified copies of the foregoing preamble and resolution, and to communicate with the latter officer and furnish him with all the information in his possession in reference to a subject of deep interest to the general government, as well as to our own.

[Passed by the Senate December 2, 1845. Passed by the House, Representatives December 4, 1845. Approved by the governor, December 10, 1845.]
